**MMR Results from Newsprint**

**Key Insights and Personal Reflections**

Wonderful food  
Conversation re: Diocesan Convention  
    Training (Licensed Ministry)  
    Local speakers  
Surprised by energy for conversation  
    People didn't leave  
    Conversation started slowly but energy built  
Value of being together - Convocations  
    A role of DC to facilitate  
Proud of what they'd done  
Didn't know how to respond to "what can EDEO do?"  
How TEC do we have to be if blended?  
    More energy around  
    Any more info  
Hard to get folks together  
Bishop  
    Happy  
    Blessings! Appreciated  
Communications well appreciated  
What can we do together?  
    Desire to do together  
Report doesn't fully reflect value of gathering together  
Delighted by turnout  
Dropped agenda  
Everybody got to speak  
Partnership piece very important  
So positive – congregations ready to share what they're doing  
Started anxious – now excited  
True/deep intros, worked to really "meet" others.

**Learnings**

Partnership is important  
    Provide vehicle to initiate/increase partnerships  
    Get folks to think about how others are resources  
    Convention  
Communications are important  
    Easier way to share/partner  
    Feature resources/partnerships, etc. (Blessings!, Ministry Matters, EDEO news)
